REBELLION IN BRAZIL HAS PETERED OUT

By BRYANT POWERS
(United Press Staff Correspondent)

BUENOS AIRES, July 9.—The Brazilian Federal Government has sent strong reinforcements to Sao Paulo and now seems to have the situation in that State well in hand, according to advices here today.

Federal forces captured the big Luz military barracks after a 20-hour bombardment, late yesterday.

Casualties on both sides were heavy and the total dead is estimated at from 250 to 400. Many were wounded.

Additional Federal troops have been converging on Sao Paulo from several directions since Sunday and it is estimated several thousand now are in the city and its environs.

The situation in Rio de Janerio continues calm and there seems little likelihood of an additional outbreak.

Some scattered rebel bands apparently have escaped into the forests and mountains between Sao Paulo and Santos but it is believed these will be rounded up within a few days by the Federal cavalry.

Reports which have been circulated here regarding the subversive movement are disproved by United Press dispatches direct from Rio De Janeiro

A story that 13,000 men were marching on the capital from Sao Paulo were termed as entirely without foundation. Such a march, it is pointed out, would be manifestly impossible, as Rio and Sao Paulo are separated by more than 200 miles of rugged mountainous country, largely covered with dense tropical forest. There are no wagon roads between the cities.

According to the most reliable information here less than 1,000 were involved in the rebel outbreak which occurred early Saturday.

A number of young soldiers of the State forces, disgruntled by the decision of Governor Carlos De Campos to renew a contract with French military mission, lent themselves to the plans of a group of ambitious politicians.

The sodiers seized the big Estacao de Luz, terminus of the Central do Brazil railway from Rio Janerio, the telegraph stations and Government buildings and besieged the palace, residence of the State Government.

Federal forces refused to join the movement and word was telephoned at once to Rio de Janerio.

The Federal Government embarked strong detachments of troops and marines on the dreadnaught Minas Geraes for Santos, and early Sunday the Government forces started to move up the famous mountain boulevard which connects Santos with Sao Paulo.

Several stiff engagements were fought before the rebels finally were driven to cover in the Luz barracks.

A desultory bombardment on the military stronghold then was began and yesterday at mid-day the barracks was taken by storm. Nearly all the remaining rebels in it were killed or wounded.

Dreamed Of A Fire Turned In Alarm

HOUSTON, Texas, July 9.—E. R. Lowe, extra man at a fire station here, on watch one day about noon, lapsed into that borderland between full consciousness and sleep.

Suddenly he leaped to his feet, convinced that Box 31, located in the middle of the business district here, had "come in." Automatically he reached for the gong. Firemen, tumbling down the poles from their rooms, heard him shout "Box 31."

All the apparatus in Central station went out on the call, careening through crowded streets only to find there was no fire.

The tape on which incoming calls register was found to be unmarred by any Box 31 call.

"I musta dreamed it," Lowe told the chief.

"You're suspended for two days. Git some sleep," was the chief's sentence.

LIONS MEET AT TOPIC CAFE

The week meeting of the Mexia Lions club will be held at the Topic Cafe this week at the usual time 12:30 p. m. There is an interesting program planned and a large attendance is expected

Want To Postpone Trial Of Leopold

CHICAGO, July 9.—Because of a "dangerous public opinion," an attempt will be made to postpone the trial of Nathan Leopold, Jr., and Richard Loeb on charges of murdering 14-year-old Robert Franks, the United Press learned today.

On July 21, the day set by Judge John R. Caverly to hear all motions in the case, attorneys for the defense will ask that the trial be delayed. According to present schedule, it is to open August 4.

It would take a month or six weks to obtain a jury of men who have no opinions as to the guilt or innocence of young Leopold and Loeb if the trial is started in August, the defense will argue. Mention will be made of a "dangerous public opinion," which exists at the present time due to the cold blooded nature of the murder.

The two 19-year-old college graduates who confessed killing the Franks boy "just for the fun of it," are bearing up under prison routine better than expected. They have become somewhat pale because of confinement but are in good health. They eat heartily, having meals brought in to them from a nearby restaurant in addition to the regular prison rations.

PAVING WORK ON N. KAUFMAN BEGUN

The Uvalde Paving Company started grading today at 1 p. m. on the north end of Kaufman street. This street is to be paved by public subscription and the committee in charge request all who subscribed to please mail their checks promptly so that the paving will not be delayed. The city has contracted to have Kaufman street paved to the city limits and the donations are for the purpose of paving; from city limits to the cemetery. All subscribers are requested to make their checks payable to J. Desenberg.

Expect American Team To Redeem Itself Finally

By HENRY L. FARRELL
(United Press Staff Correspondent)

COLOMBES STADIUM, PRAIS, July 9.—America's track and field team is expected to increase its lead over the field in the Olympic games today and pile up points against the time when the distance runs will make the land of Nurmi and Ritola a most dangerous competitor.

It is raining today to the disappointment of those who came to see the "fastest humans"—Abrahams, Paddock and Scholz—in the finals of the 200 meters. Other events to be contested today included the 10 meter hurdles (finals) 5,000-meter steeplechase (finals) and elimination in the pole vault, the 1,500-meters run and the 10,000 meters walk.

There was much speculation as to whether Jackson V. Schols, New York A. C. flyer, who shattered world records at Cambridge, could not take the measure of the redoubtable Abraham. Ton Kean, coach of our distance runners, thought the American sprinter would win, while other men feared the Jew. Just by way of testing the latter's stamina, Charley Paddock and Bayes Norton of the American team ran his legs off in heats and Abrahams appared to be fading out a bit.

Sauce For The Goose Is Sauce For Gander

DALLAS, Texas, July 9.—Dallas may have real "blue Sundays" from now on. Gasoline filling station proprietors, warned that they will be prosecuted unless they close every Sunday after July 20, threaten to retaliate by bringing wholesale charges against the street car, baseball games, swimming pools, and recreation resorts of all kinds. Only places where food is sold could remain open on Sunday if the "blue laws" were strictly enforced.

District attorney Shelby Cox has announced he will prosecute "all cases where a complaint is filed by a reputable person and supported by competent witnesses."

BUSINESS PICKING UP

AMARILLO.—Business in the Panhandle is picking up. In one week a train of wheat and one of oil were shipped out.

HE BROKE THE DEADLOCK.

JOHN W. DAVIS. INTZ

MADISON SQUARE GARDEN, NEW YORK, July 9, 1:34 p.m. —John W. Davis of West Virginia was nominated on the one hundred and third ballot.

On motion of Tom Taggart of Indiana, the rules were suspended and Davis' nomination was made by acclamation.

A terrific shout went up and every state standard joined in a big parade and demonstration.

The convention will now take up the vice presidential nomination.

CRAZED MILLIONAIRE KILLS WIFE AND THEN COMMITS SUICIDE

MICHIGAN CITY, Ind., July 9.—Apparently crazed by ill health, Charles N. Wilcoxen, 69, millionaire retired president of the Chicago Lake Shore and South Bend Electric Railway, killed his wife and then committed suicide, police announced today. Bodies of the couple were found in their home near here last night.

Mrs. Wilcoxen, who was 70 years old, had been hit on the head and body with an ax and a potato masher and slashed with a razor. Wilcoxen was found hanging from the ceiling of his wardrobe. Both bodies were entirely clothed.

An early theory that the couple had been murdered by burglars was abondoned when bloodstains were found in Wolcixen's hands and clothing. All doors and windows were locked. The murder and suicide, it was believed, were committed Monday night.

Wilcoxen had amassed a large fortune in building up the electric railway of which he was president for ten years. He was forced to retire as active head of the road, however, early this year.

BOXES FOR AIR MAIL

(By International News Service)

NEW YORK, July 9.—Nine special mail boxes, painted red, white and blue, have been placed at central points about the city to receive mail to be carried by the new postoffice airplane service. Special trains will carry the mail to the flying field at Lakehurst.

BRYAN ASKED TO WITHDRAW FROM THE CONVENTION

NEW YORK, July 9.—In a letter to William Jennings Bryan, Dudley Field Malone, former collector of the Port of New York, and former assistant secretary of state, asked Bryan to withdraw from the convention for the good of the party. Pointing out that he suggested Brayn's withdrawal "with affectionate good will," Malone questioned Bryan's progressive policies. "You cannot grasp the economic realities of the times and do not know that problems of our industrial age cannot be solved by the pious platitudes you have put in the democratic platform," Malone's letter said. The young people are demanding new leaders in the democratic party, Malone declared. He accused Bryan of injecting the religious issue in the convention.

This Lawyer Raises Fine Point In Law

DALLAS, Texas, July 9.—"If a man is caught with a bottle of liquor in his hip pocket, can the federal government confiscate the trousers?"

A Dallas attorney raised this momentous question in defending his client, who was arrested with a bottle of liquor in his pocket. He was driving an automobile at the time, and the federal agents confiscated the machine. The lawyer is trying to recover the machine on the plea that the trousers should have been confiscated, instead of the car. The case will be tried here in October.

TRAPPED IN BURNING HOUSE MOTHER & NEW BORN BABY PERISH

DOWAGIAC, Mich., July 9.—Trapped in a burning farm house, near here last night, a mother and the child she had just borne, met death in the flames.

The babe and the mother, Mrs. Etta Hoadley lay side by side when rescuers finally reached the charred bodies.

Another daughter, Helen, 5, is in a critical condition because of burns. The father, Harrison Hoadley, and a 20-months- old son, Glenn, also were severely burned.

The blaze started from an explosion which came when oil was poured into a stove.

Calvin Coolidge, Jr. To Be Buried In Vt.

WASHINGTON, July 9.—Mrs. Calvin Coolidge suffered a slight relapse this morning as a result of the strain and grief over her son's death. However, physicians said she would be able to go through the ordeal of the funeral. A special train leaves tonight for Plymouth, Vt., where the burial of young Calvin will take place.

NEW RECORD FOR FILLIES

COLUMBUS, Ohio, July 9.—Etta Druien, piloted by Tommy Murphy established a new world record for four-year-old fillies when she trotted a mile in the grand circuit here yesterday in 2:02 1-4.

Want Students Come Earlier This Year

AUSTIN, Texas, July 9.—New students of the University of Texas will be requested to come to Austin two days earlier than the regular matriculation period in September to attend a series of conferences on questions regarding registration, student self-government, the causes of failures of freshmen, ideals of the University, and other kindred subjects. The plan has been proposed by the general factulty of the University according to an announcement of Dr. F. W. Simonds, secretary of the factulty.

Registrar E. J. Mathews will ask all freshmen to come to Austin on Saturday, September 20, preceding registration on Monday, September 22. Meetings will be held for the new students on Saturday and Sunday, and addresses on subjects of interest to freshmen will be given. The new plan has been adopted in order to inform the first-year students of the procedure in registration, and to point out to them where mistakes may be avoided in the course of their University life. The University officials feel that freshmen should be told as much as possible about the University before they enter. It is hoped that the plan will aid in eliminating difficulties which necessarily confront first-year students.

ADJOURNED TILL 6:30; WALSH MENTIONED FOR VICE

NEW YORK, July 9.—After the demonstration and speeches by Josephus Daniels and Governor McCorkile of West Virginia, the convention adjourned until 6:30 tonight.

Senator Walsh of Montana is looked upon as the most likely candidate for vice president. Davis supporters delclare that they want Walsh for Davis' running mate. Efforts to place Walsh in nomination this afternoon were stopped by Walsh, who gaveled for order to vote on the adjournment motion.

Davis' nomination marked the passing of W. J. Bryan as a dominant figure.

AFTER HUNDRED BALLOTS FINAL CONFERENCES ARE HELD

By ROBERT J. BENDER
(United Press Staff Correspondent)

NEW YORK, July 9.—After a torrid political night, punctuated by incidents unprecedented in the party's history, the Democratic national convention recessed shortly after 4 o'clock this morning without a nominee, without leadership and almost in despair.

A new and possibly final conference of delegation spokesmen was called for 10 a. m., after which the delegates were to meet at noon in another effort to break the deadlock and agree upon a compromise nominee

During the twelve hectic hours immediately between yesterday afternoon and this morning's recesses these things happened:

1. W. G. McAdoo, in a sharp letter to the convention, released his delegates.

2. Governor Smith, in a short pungent message, prepared and read to the convention by his manager, Franklin D. Roosevelt, challenged McAdoo to withdraw entirely from the race, promising that Smith would follow suit immediately.

3. Senator Samuel M. Ralston of Indiana, for the second time, withdrew his name from the balloting when he was virtually assured the nomination, and threw the field wide open.

4. Governor Smith and McAdoo met for the first time in a short and futile conference at the Ritz Carlton hotel. They were brought together by Chairman Walsh and Cordell Hull, chairman of the national committee. Both agreed that some drastic action should be taken. Smith offered to quit the race if McAdoo did; McAdoo thought a compromise candidate should be selected and suggested Samuel Ralston. Smith decined to discuss compromise candidates and they parted without accomplishing anything.

Smith leaders from seven eastern states, including Pennsylvania, and Illinois, agreed to throw their votes to a compromise candidate.

Senator Underwood will be given a trial "ride" by these.

101st Ballot—

McAdoo 52
Smith 121
Davis 316
Underwood 229 1-2
Meredith 130
Walsh 98
Others scattered.
Texas voted for Meredith.

102nd Ballot—

McAdoo 21
Smith 44
Davis 415 2-3
Underwood 317
Walsh 123
Meredith 66 1-3
Texas voted for Davis on this ballot. William J. Bryan declared that Davis could not get enough votes to be nominated, and said Walsh's chances are becoming brighter.

Smith and McAdoo are waiting to come out again if either starts to gain.

LYNCH DAVIDSON TO SPEAK IN MEXIA

Lynch Davidson, candidate for Governor of the State of Texas will speak in Mexia Wednesday, July 9th, at 8:30 p. m. on the streets of the city. Mr. Davidson was born in Limestone county and is well known in this place and throughout the State of Texas for his sterling quality and business ability. In his candidacy for Governor he will tell you how he stands for more economy, more efficiency and more business in government, and less taxes. He has many supporters in Mexia and throughout Limestone county. Be sure to hear this able man discuss these important issues.

COUZENS DECLINES TO WEAR THE COLLAR

DETORIT, Mich., July 9.—Senator James Couzens today flatly declined the invitation of Republican State leaders to swear unstinted support to the party platforms and the Coolidge policies.

Formally announcing his candidacy for re-election the Senator asserted that as long as he was a member of the Republican party he did not propose to yield his independence to "party bosses or party leaders."

A GOOD START IN A GOOD CAUSE IS THIS

A Daily Vacation Bible School for all the children of Mexia who desire to attend will begin Monday morning at 8:30 at the Central Presbyterian Church. No charges whatever will be made for the children who enroll but the co-operation of parents is requested in securing punctiality and regularity in attendance. Rev. V. K. Aubrey, pastor of the church, states that it is the plan to conduct this school in a systematic way for the purpose of teaching the children some thing of the Bible, the fundabentals of American government and also give them useful and interesting instruction in hand work and craft work. He states that the school which he and Mrs. Aubrey superintendent last summer had an enrollment of over one hundred and during the twenty days of instruction provided in compliance with the requirements for a standard Daily Vacation Bible School over twenty of these children in addition to the regular courses of study memorized the Books of the Bible, First Psalm, Twenty-third Psalm, Twenty-fourth Psalm, Sixty-seventh Psalm, One Hundredth Psalm, Ten Commandments, Beatitudes, Twelfth Chapter of Romans, Thirteenth Chapter of First Corinthians, portions of the Fifteenth Chapter of John, and the Lord's Prayer.

Report cards will be provided for every pupil. Blue stars are awarded on the card for good work and gold stars for excellent work. At the close of the twenty days of the school a public demonstration will be held. A picnic will be given the girls faithful in attendance and an over night hike the boys who have been punctual and faithful. The school beings Monday morning, July 14, at the church. The sessions are held each day from 8:30 to 11 a. m. No afternoon sessions, and no Saturday sessions are held.

The following courses will be provided in the curriculum each department headed by a capable instructor. Bible Study, Singing, Bible Dramatics Boys and Girls craft work, Boy Scout Instruction, Missions, Patriotism, Health Instruction, and Drill.

Although the heads of the departments have nearly all been secured and will be announced soon, anyone who is interested is urged to come and assist in the school.

FAMOUS FRENCH RECIPES

(By International News Service)

Strawberry Sorbet.

PARIS, July 9.—Sorbet time has come along with the hot weather. The French chefs say to serve strawberry sorbet before the roast: Clear well two pounds of strawberries and crush in a large receptacle. Add the juice of two lemons and one-fourth pound of sugar.

Cover and put in a cool place for two hours. Pass through a fine sieve and stir in one and one-half quarts of fresh, thick cream. When the mixture is thoroughly blended freeze.

SIAMESE TWINS STUDY BUSINESS METHODS.

Lucio and Semplano Goviano, 16-year-old Filipino youths, joined together as Siamese twins, have arrived in New York after a European tour. They are here to complete their studies for business training at the expense of the United States Government.

STYLE HINTS

By ALICE LANGELIER
International News Service Staff Correspondent

PARIS, July 8.—Ruffles come rolled this season, according to the Paris fashion leaders.

The charming bouffant ruffled skirt of the Second Empire will have to return to grandmother's chest, while the padded ruffle has a bit of a fling. A Spanish dancing-girl set the whole thing going when she came to Paris and demonstrated that she could swirl about in her beruffled skirts and still not interfer with the fashionable silhouette of the season.

The Chantilly races brought forth padded ruffles on both coats and gowns. The Grand Duchess Helena of Russia was wearing hers on the bottom of a charming gown in black crepe satin. The skirt was shirred in front and doubled from hip to hip, the left side passing underneath the right. The padded ruffle is two inches wide and prevents the narrow, skimpy look that often accompanies satin frock when narrow.

Savary puts the paded portion at the top of the ruffle instead of on the hemline of a very smart afternoon dress, in a bright red crepe de chine. It has long, tight sleeves, edged with the ruffles, without the padding, and is embroidered down the front with white Chinese silk in magnificent bird and flower design. From the padding at the hip line falls a short accordion-pleated tunic ruffle over a plain, slim skirt.

The padded ruffles at the side must be used with infinite care in order to keep the slender lines. On a blue crepe they are very narrow and run only half way up the skirt in the front and back. White organdie ruffles form cuffs on the long sleeves, and ribbon ties of white organdie are finished with white silk tassels and Chinese enameled ornaments.

A stump speech isn't necessarily a short one.

WATCHING THE SCOREBOARD

Yesterday's hero: Old Eppa Rixey. He allowed only eight hits in sixteen innings. The Reds and Phils played 26 innings, the former winning the second half of a double bill in sixteen innings, 2 to 1 after dropping the opener, a 10-inning affair, 3 to 1.

The Yanks divided a double home coming bill with the White Sox, losing the first 10 to 2, and winning the second, 8to 5. Pipp hit two homers.

Hammering three Cardinal pitchers for a total of 17 hits the Giants won 11 to 6.

Brooklyn amassed 22 hits off three Cub twirlers and won 13 to 11.

Gray pitched the Indians into submission in a 7 inning game, stopped by rain and the Athletics won, 4-0.

The Pirates opened their series with the Braves by winning, 8 to 3.

The Red Sox couldn't keep a seven run advantage and the Browns came from that far behind to win in the ninth, 8 to 7.

OPENING PRICES

NEW YORK, July 9.—The stock market opened firm with first prices including: Studebaker 38; American Woolen 72 7-8, up 1-8; Southern Railway 36 7-8, up 3-8; Southern Pacific 93 1-2; Reading 57, Westinghouse 62 1-2, up 1-2; N. What Size do You Wear

You women that wear shoes, sizes 2½, 3, 3½, 4, 4½, 5, 5½, 6—here is a rare opportunity to supply your shoe needs at less than half the regular price.

We have just finished taking semi-annual inventory of our shoe stock, and we find that we have on hand an unusual number of small lots in Ladies and Big Misses Slippers—that is lots of 1 to 5 pairs of a style.

This season has been a season of numerous and varied styles—for this reason we have carried more styles than usual, and consequently have more odd lots on hand than usual.

We have 285 pairs of these slippers—snappy styles in black and brown satin—patent leather—black, grey, tan and brown suede, black and brown kidskin, in sizes 2½ to 6—none larger than size 6.

These slippers sold regular at $7.50, $8.50, $9.50 and $10 the pair—they go in this Clearance Sale, commencing Thursday at the extraordinary low price of, the pair----------$3.65

As we are closing out these lots at this very low price—we cannot send these slippers on approval. You must be fitted in the store.

DENTON GIRL BECOMES BRIDE OF KOSSE MAN

(Farmersville Times)

Denton, Texas, June 21.—Miss Vernelle Allison, daughter of Mr. and Mrs. D. K. Allison of this city, and Harry Lee Humble of Kosse were married at the Central Presbyterian church in this city at noon Tuesday. Dr. R. R. Crockett, pastor of the church, officiated, using the ring ceremony. The church auditorium was filled to capacity.

Tall wicker baskets inlaid with grass parquetry and filled with pink and white gladiolas stood on either side of the altar, above which was suspended a wedding bell of rainbow ribbons and ferns.

Before the ceremony Homer Rickey of the music faculty of the North Texas State Teachers' College of this city played "Berceuse" from "Joycelyn" on the violin, accompanied at the piano by Miss Elizabeth Lenke. Miss Stella Owsley of the voice faculty of the College of Industrial Arts sang "All For You" and "Until," accompanied by Miss Lenke.

As Miss Lenke began the bridal chorus from "Lohengrin" as the processional, Miss Pauline Lipscom entered with Dr. Henry Cox of Groesbeck. Mrs. Bert Fowler, matron of honor, followed. Miss Eline Stiles was maid of honor. Junior bridesmaids were two neices of the bride, Margaret Ray Allison of Farmersville and Mary Jeanne Potter of Dallas. The bride's attendants wore voile frocks in pastel colors and carried pink roses.

The bride entered with her father. She wore a biege crepe frock and carried a shower boquet of pink lilies of the valley.

The bridegroom was attended by Charles Ray of Groesbeck as best man.

Following the ceremony Mr. and Mrs. Humble left for a wedding trip to the coast.

Out-of-town guests were Mr. and Mrs. Ray Allison and family of Farmersville, Mr. and Mrs. Jack T. Webb of Farmersville, Mr. and Mrs. E. S. Stewart and family of Dallas, Mr. and Mrs. J. D. Potter and family of Dallas, Mr. and Mrs. E. B. Allison of Temple, Mr. and Mrs. Wilford Sanders of Groesbeck, Mr. and Mrs. C. D. Kelly of Groesbeck, Mrs. Walter of Groesbeck, Mrs. Cranfill of Dallas, Mr. and Mrs. Paul Humble of Groesbeck and Mr. and Mrs. Humble of Dublin, Erath County, parents of the bridegroom.

MEN AND WOMEN IN NEWS OF THE DAY.

Above: MRS. CHARLES B. DILLINGHAM & KATHLEEN McKANE. Below: CALVIN COOLIDGE, JR. & ALICE MURIEL ASTOR.

Calvin Coolidge, Jr., 16, eldest son of President Coolidge, is seriously ill in Washington of blood poisoning, caused by a blister he suffered while playing tennis. It is reported that Mrs. Charles B. Dillingham, wife of New York's noted theatrical producer, has obtained a Paris divorce. Miss Kathleen McKane, famous British tennis player, won the Wimbledon, Eng., tennis tournament by defeating Miss Helen Wills, of California, American woman champion. Miss Alice Muriel Astor, daughter of the late Colonel John Jacob Astor, who was drowned on the Titanic, and of the present Lady Ribblesdale, of England, has announced her engagement in London to Prince Obolensky Neledinsky-Meletzky, one of the oldest of Russian titled families.

BOSTON PREPARES TO WELCOME 75 THOUSAND ELKS NEXT WEEK

City Is Gaily Decorated and Elaborate Program Waits for Guests.

BOSTON, July 7.—(United Press.) Seventy-five thousand members of the Benevolent and Protective Order of Elks, their friends and families, it was estimated, were either here, or nearing this city today for the opening, today, of the Elks' national convention.

The convention will continue thru until Saturday.

Every train entering the two railroad terminals carried hundreds of "Bills," their wives and children, while other hundreds entered this old city in motor cars, flying Elks pennants, and guided over the roads by signs indicating the "Elks' Trail" to Boston.

It is expected that the convention will bring to this city nearly a quarter of a million people. Practically every hotel in and about the city has been taken over for the most part to house the visiting Elks, while there are countless others who will be entertained at the homes of members of the Boston lodge and of lodges in nearby cities.

For the past few months, members of various committees have been working night and day to make certain that the 1924 Elks' gathering will not only be a success, but the best in the history of the order. Entertainments of all kinds will be provided, including sightseeing trips to the many historic spots in and around Greater Boston, naval exhibitions in the harbor, dancing, boat trips to the many shore resorts, golf tournaments, yacht races, elaborate and spectacular fireworks and electrical displays, and the famous Elks parade.

The Elks' Parade

One of the features, if not the main feature of the entire convention, will be the parade on Thursday afternoon. It is planned to make the parade the most picturesque ever held at a Grand Lodge convention. According to all indications there will be upwards of 20,000 marchers.

The parade will form in Boston's ultra-fashionable Back Bay, and will move down Commonwealth avenue, Arlington and Beacons streets to the State House, where Governor Channing H. Cox, a member of Boston Lodge, No. 10, and other state officials, will review it. At a stand along Tremont street, not far from the State House, Mayor James M. Curley, also a member of the Boston lodge, city officials and others, will watch the marchers. The parade will then proceed along Tremont street to Boylston street, to Park Square and along Stuart street, where it will be reviewed by James G. MacFarland of Watertown, S. D., exalted ruler, and members of the Grand Lodge.

Elks and their friends throughout the country, who are unable to attend the convention, but who are owners of radio sets, will be able to "listen in" to nearly all that will take place during the week. Station WNAC, Boston, will radiocast Elk news and events during the convention.

The opening services in Trinity Church tomorrow evening will be sent over the radio. The services will be conducted by Rev. John Dysart of Jamestown, N. Y., grand chaplain of the order. The opening exercises in Mechanics Building Monday evening will also be radiocasted. At these exercises addresses will be delivered by United States Senator David I. Walsh of Massachusetts, Governor Cox, Mayor Curley and others. Mayor Curley will give the 11 o'clock toast, "To Our Absent Brothers."

Radio at Parade

The radio will also be brought into use during the parade on Thursday, when a microphone will be installed at a reviewing stand, through which the "listeners-in" throughout the country will be able to hear the bands as they approach and depart. As each delegation passes the stand the fact will be announced.

Boston presents a gala appearance in honor of the visiting Elks. Nearly all the buildings in the downtown sections are decorated.

While the decorative scheme will be carried out in detail on Boston Common, where many of the outdoor features will be presented, the illumination of the Common is expected will surpass anything ever before attempted in this city.

All the buildings occupied by the Boston Elks during the convention have been decorated inside and out, and these include the Elks Home on Somerset street; Tremont Temple, where the Grand Lodge sessions will be held, and others. Elaborate floral displays are to be seen in the Public Gardens and on the triangular grass plot in Copley Square, in front of the Copley Plaza Hotel, convention headquarters.

CONSTANTLY IMPROVED BUT NO YEARLY MODELS

There are obvious benefits to the purchaser in Dodge Brothers policy of making constant, gradual refinements in their product instead of changing from one design to another year after year.

Chief among these is the fact that the car may be operated throughout the full limit of its usefulness without the extra depreciation loss which results from a rapid succession of radically different models.

Church Co-Operative Services Begin Sunday

Next Sunday evening we have our first of a series of co-operative services which will continue over a period of several weeks. The churches co-operating are the Methodist, the First Christian, the First and the Central Presbyterian. By way of explanation I wish to state that the reason the Baptist church is not included is that they thought it best for them to have all their evening services and therefore refused to enter into the co-operative plan. On next Sunday evening there will not be any services at the First Christian and First Presbyterian churches. Rev. E. H. Hudson of the First Presbyterian Church will preach at the Methodist Church, and Rev. G. T. Reaves of the First Christian Church will preach at the Central Presbyterian Church. On the following Sunday evening, (third Sunday,) the Christian and the First Presbyterian Churches will have the services and the pastors from the other two churches will do the preaching. All the churches will have their regular services on each Supnday morning, but only two of the four churches will be open on Sunday evening. Announcements of the co-operative service will appear in this paper each Sunday morning stating where the services will be held. We expect to cultivate the fellowship of each other in these services and thus be drawn closer together in our work in winning people to the Church.

G. T. REAVES, Secretary.

WHAT PLANTS HAVE TAUGHT ME ABOUT MAN

By LUTHER BURBANK

"It is often supposed that extraordinarily keen eyesight enables me to detect the slight variations that exist in types of plants. This is an error. My eyesight is good, but nothing wonderful. I should say, rather, that it is the ability to observe carefully. I try to let nothing get past me. Artists have told me, however, that I have a very extraordinary sense of color. There is a great difference in our ability to perceive color. People did not used to see as many shades of color as they do now—it is a sense that is developing with the race. In the Bible only a few colors are mentioned—purple and gold and crimson. Green is not mentioned. To this day there are many persons who cannot see green. That is to say, they are not conscious of it as a separate shade. Babies, soon after they are born, can see only black and white, red or yellow coming along a little later.

"My color sense is useful in changing the color of flowers. A few years ago, I took the golden California poppy and turned it red. A woman wrote to me, almost in tears, begging me not to interfere with California's famous yellow flower. Now, in a great field of yellow poppies, the ordinary observer could note no difference in color. He would say the were all yellow. But I could see faint suggestions of red in some of the flowers. The seeds from those that showed faint traces of crimson were selected and from them were produced poppies that were more plainly red. It was a matter of only a few seasons until the California crimson poppy came into existence."

Above: HOWARD CARTER & MADELINE DEVER
Below: PHILIP M. SHAW & GASTON B. MEANS

Howard Carter, co-discoverer with the late Earl of Carnarvon of the tomb of King Tut-ankh-Amen in the Valley of the Kings, near Luxor, Egypt, has sailed from New York to continue the work of exploring the tomb. Gaston B. Means, formerly special agent in the Bureau of Investigation in the United States Department of Justice, where he was called the "right hand man" of William J. Burns, has been found guilty in the Federal Court in New York City on charges of conspiracy to violate the Volstead Act. Miss Madeline Dever, former butterfly girl in "The Follies," has been awarded a verdict of $20,000 in New York courts against Philip M. Shaw, middle-aged millionaire banker, whom she charged with breach of promise to marry.

TWO WHITE MEN HELD AFTER ATTACK ON WOMAN

TEAGUE, Texas, July 9.—Two young white men have been arrested and are being held for further investigation in connection with the attack on a 22-year-old white woman who resides in the Winkler, Texas, community Saturday night.

The two men were arrested near the home of the girl by Deputy Sheriff Marberry and emergency deputies

The posse of about 300 armed men who had been vainly searching the surrounding country all day had given up the chase when bloodhounds had repeatedly failed to follow any trail satisfactorily due to the dry weather and cold trail which had been crossed and recrossed many times.

It was thought the assailants were negroes, but the victim regaining consciousness Monday afternoon could not confirm this as she was attacked in the dark. Several negroes were apprehended by the angry mob but Sheriff Terry had the situation well in hand and no violence resulted. Although the posse disbanded Monday night, the sheriff's force is still working on the case. Early reports that the woman was assaulted were not confirmed when a visit to her home was made

On returning from church with the family, she had gone out on the back porch and was there attacked, choked and gagged but the presence of the family doubtless scared the assailant away. She was found shortly after prostrate and unconscious.

GAS COMPANY EXPLAINS ITS BUSINESS TO CUSTOMERS

The third edition of "A House in Order," the Year Book of the Consolidated Gas Electric Light & Power Company of Baltimore, covering its operation for 1923 has been printed

As stated in the Year Book by the editor, Arthur W Hawks, Jr.

"The issuance of a Year Book setting forth the affairs of the company during 1923 worked a broadening of the policy of the management in giving the operations of the company still wider publicity. The company desired that its stockholders and customers know as much as possible about its properties, its growth, its policy and its achievements. The gratifying interest displayed in its Year Book for 1922 led to the preparation of a second publication of this nature."

Believing that its customers were entitled to and would be interested in full information concerning its affairs, the company decided to put every customer on the mailing list for the current Year Book. The edition has gone into a quarter of million copies.

WOMEN'S CHRISTIAN MISSIONARY SOCIETY MEETS WITH MRS. G. T. REAVES

The Women's Christian Missionary Society of the First Christian Church met Monday afternoon with Mrs. G. T. Reaves. A very interesting and helpful program led by Mrs. Reaves was given. It was evidenced that all who were to take a part in the program had made due preparation as each one responded gladly and eagerly that the program might be fully enjoyed as well as beneficial. Five new members were added to the list and welcomed into the society. After the program and business period a social hour was enjoyed with Mrs. Reaves. The society will meet next month with Mrs. I. W. Keys and Mrs. Carl Davis will be the leader.—Reporter.

FEW AMERICAN TOURISTS ARE ARRIVING IN EUROPE

(By International News Service)

LONDON, July 9.—This year's American tourists' "invasion" into England threatened to be the smallest on record, according to prominent travel agencies and shipping authorities.

Steamship agencies report that ships built to carry two and three thousand passengers have been coming Europeanward only half full, while the authorities at Southhampton assert that a total of 1,000 passengers in an East-bound steamship has only twice been reached this season.

Insure Your Car For Long Service Life

Most motorists take out fire, theft and accident insurance on their cars; but many neglect one of the most important forms of insurance—*lubrication insurance*—that is, the use of a high-grade motor oil; so as to insure freedom from motor troubles and repair bills, and a long service life for the motor.

And the fine point about "service insurance" is that it does not cost anything "extra." For you can get Humble Motor Oil at the same price which you pay for a blended oil—and Humble Motor Oil is "straight run" from low-cold-test crudes. It is easily recognized by its clear, brilliant amber color. The range between its light and heavy fractions is very short. Humble Motor Oil has just the right "body" for the proper and safe lubrication of all motor bearing surfaces, under the most severe conditions of temperature and load; and yet is light enough to leave but the minimum of carbon behind when burned.

Have your crank case flushed and filled with Humble Motor Oil—and let your service insurance begin to-day. Any Humble Oil Dealer will be pleased to serve you. Look for the Humble Signs.

AUSTIN 14, MARLIN 5.

MARLIN, Texas, July 9.—The inalienable right of a baseball fan to ride the umpire was upheld by the local law here today when Umpire Tom Price appealed to Chief of Police Brack to eject a rooter from the bleachers for being indiscreet enough to suggest that arbiter might have slaked his thirst with beverage of the pre-Volstead era. The chief handed down an opinion that the fan had paid his four bits and therefore was entitled to a place in the sun. The game was as amusing as the incident, Austin winning by a score of 14 to 5.

SPORT SPARKS

By LES CONKLIN
International News Service Staff Correspondent.

American League pennant race is now closer than Scotchman during Thrift Week. With seven dark horses scrambled together like restaurant eggs, contest shapes up like another Democratic convention.

Athletics are only club asleep at the switch. If baseball were bridge, their trophy room would be filled to overflowing with consolation prizes.

Connie Mack is biding his time and biting his fingernails. He is playing a deep game—waiting for the other seven clubs to crack.

Tightness of American League race is most refreshing to fans who have watched Yankees win three times in succession. All the world loves a winner—except when winner happens to be a New York ball team.

Closeness of pennant scramble is also having stimulating effect on gate receipts. Competition is the life of trade—that's what every baseball magnate knows.

Newest sensation is sudden rise of Washington. Excitement it was so great at national capital that even the Congressmen pried themselves away from the pork barrel for one afternoon and went to the ball park to watch the boys bring home the bacon.

Like our friends the locusts, Washington club visit Pennantville about once every seventeen years. But if tempting roll of greenbacks is to be shoved under pillows of world's series contestants, who could be more appropriate beneficiaries than the operators?

Ban of Washington Club means portrait of millionaire for Walter Johnson. Street here now has real ball team to back of him for first time since John H. Clark was able to see his toe.

Tyrus Raymond Cobb couldn't afford to own baseball team more than two months per year and hope to win. Forced to own eight other baseball clubs he'd have only chance to win pennant every seventh year. Ten men in a row to support the Georgian would hold on to their knees.

Newest sensation is the German baseball player who tried to run a pennant with a million-mark note. With club of sluggers on the job Walter can spot other team two or three runs and laught it off.

When last county was heard from, Senators were batting .293, including Nick Altrock and the bat boy. Which is an average sprightly enough to make any manager happy.

Reinforced by daily barrage of base hits, Johnson feels like ninety-year-old millionaire after insertion of monkey glands. Speed king leads A. L. pitchers with eleven games won and three lost, including four shutouts.

With Washington traveling faster than second-hand clothes man after setting fire to his store, other clubs are like goldfish on daily globe-circling flight. They go around and round the circuit, but don't get anywhere.

Meanwhile Johnson continues to stand batters on their collective ears. Like highly-touted European boxers, all they can do is take three healthy swings and then flop.

France And England Failed to Agree On Anglo-French Unity

By WEBB MILLER
(United Press Staff Correspondent)

PARIS, July 9.—Premiers Herriot and MacDonald failed to reach agreement at their conference on Anglo-French unity which lasted until early today.

When the heads of the Government of Britain and France finally separated it was learned that the most serious problems remained unsettled.

It would be an exaggeration to say that the Franco-Britain entente is again menaced, but it is apparent that the viewpoints of the Premiers still are radically divedgent.

A heated debate resulted from Herriot's insistence that the British promise to assist France in the event of Germany defaulting execution of the experts plan. MacDonald refused to commit his Government to join sanctions.

STEALING CATTLE AGAIN

AMARILLO.—More than a score of cattle have disappeared in the last few weeks in Collingsworth county as a result of activity of cattle rustlers. The rustlers have been employing old tricks used by the rustlers in be gone days—that of beating a calf on the ribs until it was too sore to bawl for its mother. Thus the calf and the cow would become separated and the cattle thieves would have an easy "maverick."

TELL GIRLS

And women what I do for you
By Edna Wallace Hopper

My office sends me countless letters which thank me for new beauty and new youth. Please don't do that. Just tell to other girls and women what you've found.

I am simply passing on to others what great scientists gave me. The helps that made me a famous beauty, then kept my youth and beauty to my grand old age.

Edna Wallace Hopper

Those helps number 52, but I have had them combined When you use any in four preparations. Hopper When you use any Photo 1923 one of them you apply quite a number of the best beauty helps in existence.

One is a cold cream which I call my Youth Cream. It combines products of both lemon and strawberry. Also all the best that science knows to foster, feed and protect the skin. I use it as a night cream, also daytimes as a powder base. Never is my skin without it. I have never heard of a cream which brings anywhere like its results.

Edna Wallace Hopper Photo 1923

Now I am placing my Youth Cream—just as I use it—at every woman's call. All druggists and toilet counters supply it at 60c per jar. Also in 35c tubes. Just ask for Edna Wallace Hopper's Youth Cream. I promise you that as long as you live you'll be very glad you know it, and I shall be glad for you.

I will send you a sample to try, if you wish. Also my Beauty Book. Just mail this coupon. For beauty's sake, do it now.

Lieutenant Lowell Smith, commanding the Army 'round-the-world aviators, is having the pontoons taken from the three airplanes in Calcutta, India, for the overland flight to Hull, Eng., where they will be replaced. Although he has removed many of the restrictions on the Germans, Premier Herriot, of France, has announced that he will not withdraw troops from the Ruhr. William Jennings Bryan led the successful flight in the Democratic National Convention to prevent incorporation into the platform of a plank denouncing the Ku Klux Klan by name.

RIOTING AND BASEBALL WITH YANKS

By FRANK GETTY
(United Press Staff Correspondent)

NEW YORK, July 5 (United Press)—The New York sport writers have been shedding bitter tears because President Johnson of the American League plastered a $100 fine and 10 days' suspension on Outfielder Bob Meusel, while he gave Cole, the Detroit pitcher, a small fine for their part in pulling of the Detroit riot

They felt very deeply grieved that "Big Ban" hadn't suspended the entire Detroit team or expelled Detroit from the league. Their bitterest laments, however, were over Johnson's failure to inflict some punishment on Ty Cobb, Tiger leader.

Their demands for Cobb's punishment were based on the somewhat feeble claim that Cobb had given his pitchers orders to "dust off" opposing batters and that Cole hit Meusel in an effort to drive him from the plate. The general attitude was that the Yanks are God's annointed and therefore are sacred. The charge against Cobb rests largely on the unsupported word of Ehmke, former Tiger pitcher, now with Boston. And at that, Ehmke never allowed himself to be quoted to that effect, but it has been generally circulated in American League circles that Ehmke "is said to have told the story to his new playmates."

But that is just how thin the charge against Cobb is. Cobb is admittedly a hotheaded southerner, but no one who knows him will believe for a minute that he would give orders that might result in the serious injury of a fellow ball player. That New York sport writers allow themselves to be influenced by such unproven reports is astonishing to fair-minded critics of the game.

Come to think of it, the only cases of serious injury to batsmen by thrown balls from the box in recent years in the majors have been where New York pitchers were doing the hurling. Carl Mays killed Ray Chapman, Cleveland shortstop, on a New York diamond. Mays, now with the Cincinnati Reds, was then a Yank. In their wildest moments of anger, the Cleveland scribes never laid the blame on Miller Huggins, Pfeffer, then with Brooklyn, hit "Chick" Frewster with a thrown ball several years ago in a practice game and put Frewster out of the Yank lineup for a year and probably prevented him for all time becoming the star he should have been. Did anyone even charge against Manager Robinson of Brooklyn? They did not.

General opinion in baseball circles, outside of the fantical Yank fans and writers, is that Meusel didn't get half that was coming to him. He deliberately started the riot which he knew would result by his attack on Cole before a hostile Detroit crowd. He was supported by Ruth, who attempted to get into the fighting game, making it two to one against Cole, who, at fighting weight, would be easy meat for either Meusel or Ruth.

Meusel is a man of some intelligence and if the riot day was one of his thinking days, he must have known that he was starting something he couldn't finish.

The game was forfeited to the Yanks because it would have been impossible to clear the Detroit grounds after Meusel's unwarranted attack with anything short of a riot gun battery. In this case the Yanks had a comfortable lead and the forfeited game did not affect the result, but it called attention to the weakness of the forfeited game rule. It is evidently possible for a pugnacious ball player, with his team behind on a foreign field, to start a riot as Meusel did at Detroit and have the game forfeited to the team that is losing. The rule should be amended, giving the umpires power in a case of a deliberately incited riot, to punish the team as well as individual offenders.

The Greater New York teams have been allowed to get away with a lot, because the money taken in the New York gate keeps many a team off its uppers, but some limit should be set.

Baseball writers all over the circuit are of the opinion that "Ducky" Holmes inflicted unnecessarily heavy punishment on the St. Louis Browns for the little flareup on the St. Louis grounds recently. Johnson's suspension of Sisler, Collins and Austin was, of course, based on Holmes' report. Sisler, as manager, certainly had a right to protest in a gentlemanly way if he thought his team was getting a raw deal and no one who knows Sisler believes that even in the heat of the game, he would so far forget himself to make anything but a gentlemanly protest. And scribes who have watched the American League umpires this year, believe quite a few of them are afflicted with sun-spots.

Judge A. M. Blackmon, candidate for re-election as judge of the 77th judicial district, was in the city Tuesday meeting the voters.

Assistant County Attorney Cannon was up from Groesbeck Tuesday on business.

SOUTHERN CHIVALRY IN A BARBER SHOP

PORT ARTHUR.—Women have so far invaded the field of men as to get their hair bobbed ahead of many of the male customers in the barber shops.

During the rush hour in a barber shop here, a young woman walked in and seated herself in the head barber's chair which had just been vacated.

"Beg pardon, miss, but there's several men ahead of you," said the barber.

The young woman, with a disappointed air, started to leave the chair.

And then the gallant male, who had been waiting for half an hour for his turn, graciously surrendered his place to the girl.

Which doesn't prove that all things come to him who waits.

LEST YE BE JUDGED

PORT ARTHUR.—"Judge not that ye be not judged." The Biblical warning came home to Mose Wilson, negro, when he testified in court against his sister-in-law. Mose told how his relative had disturbed the peace. But the neighbors who also attended the trial told the judge that Mose did most of the disturbing. o the court turned Mose from a witness into a defendant and fined him $10 and costs.

RELIABILE FOR ECZEMA, PIMPLES AND BLOTCHES

The many people here who have gotten such wonderful results from Black and White Ointment, and Soap, for pimples, blotches, bumps, "breaking out," eczema, rash, itching, etc., are proving their gratitude by giving them the most wholehearted and enthusiastic word-of-mouth publicity ever known.

The fact that Black and White Ointment, and Soap, are already selling at the phenomenal and unheard of rae of more than two million packages a year, proves louder than words how dependable they are to people who had never before been able to get relief from their skin troubles by using anything else.

Black and White Ointment, and Soap, are economically priced in liberal size packages. The 50c size Ointment contains three times as much as the 25c size. All dealers have both the Ointment and the Soap.—(Adv.)

REBELLION IN BRAZIL HAS PETERED OUT

By BRYANT POWERS
(United Press Staff Correspondent)

BUENOS AIRES, July 9.—The Brazilian Federal Government has sent strong reinforcements to Sao Paulo and now seems to have the situation in that State well in hand, according to advices here today.

Federal forces captured the big Luz military barracks after a 20-hour bombardment, late yesterday.

Casualties on both sides were heavy and the total dead is estimated at from 250 to 400. Many were wounded.

Additional Federal troops have been converging on Sao Paulo from several directions since Sunday and it is estimated several thousand now are in the city and its environs.

The situation in Rio de Janerio continues calm and there seems little likelihood of an additional outbreak.

Some scattered rebel bands apparently have escaped into the forests and mountains between Sao Paulo and Santos but it is believed these will be rounded up within a few days by the Federal cavalry.

Reports which have been circulated here regarding the subversive movement are disproved by United Press dispatches direct from Rio De Janeiro.

A story that 13,000 men were marching on the capital from Sao Paulo were termed as entirely without foundation. Such a march, it is pointed out, would be manifestly impossible, as Rio and Sao Paulo are separated by more than 200 miles of rugged mountainous country, largely covered with dense tropical forest. There are no wagon roads between the cities.

According to the most reliable information here less than 1,000 were involved in the rebel outbreak which occurred early Saturday.

A number of young soldiers of the State forces, disgruntled by the decision of Governor Carlos De Campos to renew a contract with French military mission, lent themselves to the plans of a group of ambitious politicians.

The sodliers seized the big Estacao de Luz, terminus of the Central do Brazil railway from Rio Janerio, the telegraph stations and Government buildings and besieged the palace, residence of the State Government.

Federal forces refused to join the movement and word was telephoned at once to Rio de Janerio.

The Federal Government embarked strong detachments of troops and marines on the dreadnaught Minas Geraes for Santos, and early Sunday the Government forces started to march up the famous mountain boulevard which connects Santos with Sao Paulo.

Several stiff engagements were fought before the rebels finally were driven to cover in the Puz barracks.

A desultory bombardment on the military stronghold then was begun and yesterday at mid-day the barracks was taken by storm. Nearly all the remaining rebels in it were killed or wounded.

Dreamed Of A Fire Turned In Alarm

HOUSTON, Texas, July 9.—E. R. Lowe, extra man at a fire station here, on watch one day about noon, lapsed into that borderland between full consciousness and sleep.

Suddenly he leaped to his feet, convinced that Box 31, located in the middle of the business district here, had "come in." Automatically he reached for the gong. Firemen, tumbling down the poles from their rooms, heard him shout "Box 31."

All the apparatus in Central station went out on the call, carrening through crowded streets only to find there was no fire.

The tape on which incoming calls register was found to be unmarred by any Box 31 call.

"I musta dreamed it," Lowe told the chief.

"You're suspended for two days. Get some sleep," was the chief's sentence.

LIONS MEET AT TOPIC CAFE

The week meeting of the Mexia Lions club will be held at the Topic Cafe this week at the usual time, 12:30 p. m. There is an interesting program planned and a large attendance is expected.

Want To Postpone Trial Of Leopold

CHICAGO, July 9.—Because of a "dangerous public opinion," an attempt will be made to postpone the trial of Nathan Leopold, Jr., and Richard Loeb on charges of murdering 14-year-old Robert Franks, the United Press learned today.

On July 21, the day set by Judge John R. Caverly to hear all motions in the case, attorneys for the defense will ask that the trial be delayed. According to present schedule, it is to open August 4.

It would take a month or six weks to obtain a jury of men who have no opinions as to the guilt or innocence of young Leopold and Loeb if the trial is started in August, the defense will argue. Mention will be made of a "dangerous public opinion." which exists at the present time due to the cold blooded nature of the murder.

The two 19-year-old college graduates who confessed killing the Franks boy "just for the fun of it," are bearing up under prison routine better than expected. They have become somewhat pale because of confinement but are in good health. They eat heartily, having meals brought in to them from a nearby restaurant in addition to the regular prison rations.

PAVING WORK ON N. KAUFMAN BEGUN

The Uvalde Paving Company started grading today at 1 p. m. on the north end of Kaufman street. This street is to be paved by public subscription and the committee in charge request all who subscribed to please mail their checks promptly so that the paving will not be delayed. The city has contracted to have Kaufman street paved to the city limits and the donations are for the purpose of paving from city limits to the cemetery. COLOMBES STADIUM, PRAIS, July 9.—America's track and field team is expected to increase its lead over the field in the Olympic games today and pile up points against the time when the distance runs will make the land of Nurmi and Ritola a most dangerous competitor.

It is raining today to the disappointment of those who came to see the "fastest humans"—Abrahams, Paddock and Scholz—in the finals of the 200 meters. Other events to be contested today included the 10-meter hurdles (finals) 5,000-metor steeplechase (finals) and elimination in the pole vault, the 1,500-meters run and the 10,000 meters walk.

There was much speculation as to whether Jackson V. Schols, New York A. C. flyer, who shattered world records at Cambridge, could not take the measure of the redoubtable Abraham. Ton Kean, coach of our distance runners, thought the American sprinter would win, while other mentors feared the Jew. Just by way of testing the latter's stamina, Charley Paddock and Bayes Norton of the American team ran his legs off in heats and Abrahams appared to be fading out a bit.

Sauce For The Goose Is Sauce For Gander

DALLAS, Texas, July 9.—Dallas may have real "blue Sundays" from now on. Gasoline filling station proprietors, warned that they will be prosecuted unless they close every Sunday after July 20, threaten to retaliate by bringing wholesale charges against the street car, baseball games, swimming pools, and recreation resorts of all kinds. Only places where food is sold could remain open on Sunday if the "blue laws" were strictly enforced.

District attorney Shelby Cox has announced he will prosecute "all cases where a complaint is filed by a reputable person and supported by competent witnesses."

JOHN W. DAVIS. INTL

MADISON SQUARE GARDEN, NEW YORK, July 9, 1:34 p.m. —John W. Davis of West Virginia was nominated on the one hundred and third ballot.

On motion of Tom Taggart of Indiana, the rules were suspended and Davis' nomination was made by acclamation.

A terrific shout went up and every state standard joined in a big parade and demonstration.

The convention will now take up the vice presidential nomination.

CRAZED MILLIONAIRE KILLS WIFE AND THEN COMMITS SUICIDE

MICHIGAN CITY, Ind., July 9.—Apparently crazed by ill health, Charles N. Wilcoxen, 69, millionaire retired president of the Chicago Lake Shore and South Bend Electric Railway, killed his wife and then committed suicide, police announced today. Bodies of the couple were found in their home near here last night.

Mrs. Wilcoxen, who was 70 years old, had been hit on the head and body with an ax and a potato masher and slashed with a razor. Wilcoxen was found hanging from the ceiling of his wardrobe. Both bodies were entirely clothed.

An early theory that the couple had been murdered by burglars was abondoned when bloodstains were found in Wolcixen's hands and clothing. All doors and windows were locked. The murder and suicide, it was believed, were committed Monday night.

Wilcoxen had amassed a large fortune in building up the electric railway of which he was president for ten years. He was forced to retire as active head of the road, however, early this year.

BOXES FOR AIR MAIL

(By International News Service)

NEW YORK, July 9.—Nine special mail boxes, painted red, white and blue, have been placed at central points about the city to receive mail to be carried by the new postoffice airplane service. Special trains will carry the mail to the flying field at Lakehurst.

BRYAN ASKED TO WITHDRAW FROM THE CONVENTION

NEW YORK, July 9.—In a letter to William Jennings Bryan, Dudley Field Malone, former collector of the Port of New York, and former assistant secretary of state, asked Bryan to withdraw from the convention for the good of the party. Pointing out that he suggested Brayn's withdrawal "with affectionate good will," Malone questioned Bryan's progressive policies. "You cannot grasp the economic realities of the times and do not know that problems of our industrial age cannot be solved by the pious platitudes you have put in the democratic platform," Malone's letter said. The young people are demanding new leaders in the democratic party, Malone declared. He accused Bryan of injecting the religious issue in the convention.

This Lawyer Raises Fine Point In Law

DALLAS, Texas, July 9.—"If a man is caught with a bottle of liquor in his hip pocket, can the federal government confiscate the trousers?"

A Dallas attorney raised this momentous question in defending his client, who was arrested with a bottle of liquor in his pocket. He was driving an automobile at the time, and the federal agents confiscated the machine. The lawyer is trying to recover the machine on the plea that the trousers should have been confiscated, instead of the car. The case will be tried here in October.

TRAPPED IN BURNING HOUSE MOTHER & NEW BORN BABY PERISH

DOWAGIAC, Mich., July 9.—Trapped in a burning farm house, near here last night, a mother and the child she had just borne, met death in the flames.

The babe and the mother, Mrs. Etta Hoadley lay side by side when rescuers finally reached the charred bodies.

Another daughter, Helen, 5, is in a critical condition because of burns. The father, Harrison Hoadley, and a 20-months- old son, Glenn, also were severely burned.

The blaze started from an explosion which came when oil was poured into a stove.

Calvin Coolidge, Jr. To Be Buried In Vt.

WASHINGTON, July 9.—Mrs. Calvin Coolidge suffered a slight relapse this morning as a result of the strain and grief over her son's death. However, physicians said she would be able to go through the ordeal of the funeral. A special train leaves tonight for Plymouth, Vt., where the burial of young Calvin will take place.

NEW RECORD FOR FILLIES

COLUMBUS, Ohio, July 9.—Etta Druien, piloted by Tommy Murphy established a new world record for four-year-old fillies when she trotted a mile in the grand circuit here yesterday in 2:02 1-4.

Want Students Come Earlier This Year

AUSTIN, Texas, July 9.—New students of the University of Texas will be requested to come to Austin two days earlier than the regular matriculation period in September to attend a series of conferences on questions regarding registration, student self-government, the causes of failures of freshmen, ideals of the University, and other kindred subjects. The plan has been proposed by the general factulty of the University according to an announcement of Dr. F. W. Simonds, secretary of the factulty.

Registrar E. J. Mathews will ask all freshmen to come to Austin on Saturday, September 20, preceding registration on Monday, September 22. Meetings will be held for the new students on Saturday and Sunday, and addresses on subjects of interest to freshmen will be given. The new plan has been adopted in order to inform the first-year students of the procedure in registration, and to point out to them where mistakes may be avoided in the course of their University life. The University officials feel that freshmen should be told as much as possible about the University before they enter. It is hoped that the plan will aid in eliminating difficulties which necessarily confront first-year students.

ADJOURNED TILL 6:30; WALSH MENTIONED FOR VICE

NEW YORK, July 9.—After the demonstration and speeches by Josephus Daniels and Governor McCorkile of West Virginia, the convention adjourned until 6:30 tonight.

Senator Walsh of Montana is looked upon as the most likely candidate for vice president. Davis supporters delclare that they want Walsh for Davis' running mate. Efforts to place Walsh in nomination this afternoon were stopped by Walsh, who gaveled for order to vote on the adjournment motion.

Davis' nomination marked the passing of W. J. Bryan as a dominant figure.

AFTER HUNDRED BALLOTS FINAL CONFERENCES ARE HELD

By ROBERT J. BENDER
(United Press Staff Correspondent)

NEW YORK, July 9.—After a torrid political night, punctuated by incidents unprecedented in the party's history, the Democratic national convention recessed shortly after 4 o'clock this morning without a nominee, without leadership and almost in despair.

A new and possibly final conference of delegation spokesmen was called for 10 a. m., after which the delegates were to meet at noon in another effort to break the deadlock and agree upon a compromise nominee

During the twelve hectic hours immediately between yesterday afternoon and this morning's recesses these things happened:

1. W. G. McAdoo, in a sharp letter to the convention, released his delegates.

2. Governor Smith, in a short pungent message, prepared and read to the convention by his manager, Franklin D. Roosevelt, challenged McAdoo to withdraw entirely from the race, promising that Smith would follow suit immediately.

3. Senator Samuel M. Ralston of Indiana, for the second time, withdrew his name from the balloting when he was virtually assured the nomination, and threw the field wide open.

4. Governor Smith and McAdoo met for the first time in a short and futile conference at the Ritz Carlton hotel. They were brought together by Chairman Walsh and Cordell Hull, chairman of the national committee Both agreed that some drastic action should be taken. Smith offered to quit the race if McAdoo did; McAdoo thought a compromise candidate should be selected and suggested Samuel Ralston. Smith decined to discuss compromise candidates and they parted without accomplishing anything.

Smith leaders from seven eastern states, including Pennsylvania, and Illinois, agreed to throw their votes to a compromise candidate.

Senator Underwood will be given a trial "ride" by these.

101st Ballot—

McAdoo 52
Smith 121
Davis 316
Underwood 229 1-2
Meredith 130
Walsh 98
Others scattered.
Texas voted for Meredith.

102nd Ballot—

McAdoo 21
Smith 44
Davis 415 2-3
Underwood 317
Walsh 123
Meredith 66 1-3

Texas voted for Davis on this ballot. William J. Bryan declared that Davis could not get enough votes to be nominated, and said Walsh's chances are becoming brighter.

Smith and McAdoo are waiting to come out again if either starts to gain.

LYNCH DAVIDSON TO SPEAK IN MEXIA

Lynch Davidson, candidate for Governor of the State of Texas will speak in Mexia Wednesday, July 9th, at 8:30 p. m. on the streets of the city. Mr. Davidson was born in Limestone county and is well known in this place and throughout the State of Texas for his sterling quality and business ability. In his candidacy for Governor he will tell you how he stands for more economy, more efficiency and more business in government, and less taxes. He has many supporters in Mexia and throughout Limestone county. Be sure to hear this able man discuss these important issues.

COUZENS DECLINES TO WEAR THE COLLAR

DETORIT, Mich., July 9.—Senator James Couzens today flatly declined the invitation of Republican State leaders to swear unstinted support to the party platforms and the Coolidge policies.

Formally announcing his candidacy for re-election the Senator asserted that as long as he was a member of the Republican party he did not propose to yield his independence to "party bosses or party leaders."

A GOOD START IN A GOOD CAUSE IS THIS

A Daily Vacation Bible School for all the children of Mexia who desire to attend will begin Monday morning at 8:30 at the Central Presbyterian Church. No charges whatever will be made for the children who enroll but the co-operation of parents is requested in securing punctiality and regularity in attendance. Rev. V. K. Aubrey, pastor of the church, states that it is the plan to conduct this school in a systematic way for the purpose of teaching the children some thing of the Bible, the fundabentals of American government and also give them useful and interesting instruction in hand work and craft work. He states that the school which he and Mrs. Aubrey superintendent last summer had an enrollment of over one hundred and during the twenty days of instruction provided in compliance with the requirements for a standard Daily Vacation Bible School over twenty of these children in addition to the regular courses of study memorized the Books of the Bible, First Psalm, Twenty-third Psalm, Twenty-fourth Psalm, Sixty-seventh Psalm, One Hundredth Psalm, Ten Commandments, Beatitudes, Twelfth Chapter of Romans, Thirteenth Chapter of First Corinthians, portions of the Fifteenth Chapter of John, and the Lord's Prayer.

Report cards will be provided for every pupil. Blue stars are awarded on the card for good work and gold stars for excellent work. At the close of the twenty days of the school a public demonstration will be held. A picnic will be given the girls faithful in attendance and an over night hike the boys who have been punctual and faithful. The school beings Monday morning, July 14, at the church. The sessions are held each day from 8:30 to 11 a. m. No afternoon sessions, and no Saturday sessions are held.

The following courses will be provided in the curriculum each department headed by a capable instructor. Bible Study, Singing, Bible Dramatics Boys and Girls craft work, Boy Scout Instruction, Missions, Patriotism, Health Instruction, and Drill.

Although the heads of the departments have nearly all been secured and will be announced soon, anyone who is interested is urged to come and assist in the school.

FAMOUS FRENCH RECIPES

(By International News Service)

Strawberry Sorbet.

PARIS, July 9.—Sorbet time has come along with the hot weather The French chefs say to serve strawberry sorbet before the roast: Clear well two pounds of strawberries and crush in a large recepacle. Add the juice of two lemons and one-fourth pound of sugar.

Cover and put in a cool place for two hours. Pass through a fine sieve and stir in one and one-half quarts of fresh, thick cream. When the mixture is thoroughly blended freeze.

SIAMESE TWINS STUDY BUSINESS METHODS.

LUCIO & SEMPLANO COVIANO. NY.

Lucio and Semplano Coviano, 16-year-old Filipino youths, joined together as Siamese twins, have arrived in New York after a European tour. They are here to complete their studies for business training at the expense of the United States Government.

STYLE HINTS

By ALICE LANGELIER

International News Service Staff Correspondent

PARIS, July 8.—Ruffles come rolled this season, according to the Paris fashion leaders.

The charming bouffant ruffled skirt of the Second Empire will have to return to grandmother's chest, while the padded ruffle has a bit of a fling. A Spanish dancing-girl set the whole thing going when she came to Paris and demonstrated that she could swirl about in her beruffled skirts and still not interfer with the fashionable silhouette of the season.

The Chantilly races brought forth padded ruffles on both coats and gowns. The Grand Duchess Helena of Russia was wearing hers on the bottom of a charming gown in black crepe satin. The skirt was shirred in front and doubled from hip to hip, the left side passing underneath the right. The padded ruffle is two inches wide and prevents the narrow, skimpy look that often accompanies satin frock when narrow.

Savary puts the paded portion at the top of the ruffle instead of on the hemline of a very smart afternoon dress, in a bright red crepe de chine. It has long, tight sleeves, edged with the ruffles, without the padding and is embroidered down the front with white Chinese silk in magnificent bird and flower design. From the padding at the hip line falls a short accordion-pleated tunic ruffle over a plain, slim skirt.

The padded ruffles at the side must be used with infinite care in order to keep the slender lines. On a blue crepe they are very narrow and run only half way up the skirt in the front and back. White organdie ruffles form cuffs on the long sleeves, and ribbon ties of white organdie are finished with white silk tassels and Chinese enameled ornaments.

A stump speech isn't necessarily a short one.

WATCHING THE SCOREBOARD

Yesterday's hero: Old Eppa Rixey. He allowed only eight hits in sixteen innings. The Reds and Phils played 26 innings, the former winning the second half of a double bill in sixteen innings, 2 to 1 after dropping the opener, a 10-inning affair, 3 to 1.

The Yanks divided a double home coming bill with the White Sox, losing the first 10 to 2, and winning the second, 8to 5. Pipp hit two homers.

Hammering three Cardinal pitchers for a total of 17 hits the Giants won 11 to 6.

Brooklyn amassed 22 hits off three Cub twirlers and won 13 to 11.

Gray pitched the Indians into submission in a 7 inning game, stopped by rain and the Athletics won, 4-0.

The Pirates opened their series with the Braves by winning, 8 to 3.

The Red Sox couldn't keep a seven run advantage and the Browns came from that far behind to win in the ninth, 8 to 7.

"For Mexia, I WILL"

ARMY OF TAX EATERS IS THIS COUNTRY'S BIG PROBLEM

It is fair, says the Youth's Companion, to think of the annual tax bill as the interest on a blanket mortgage placed on all the wealth of the country. Regarded in this way the tax mortgage amounts to 170 billion dollars. This is more than one-half the value of all the property in the United States.

There are today 544,671 civilian employes of the national government, and the number of officials of all sorts supported by the tax levies is put by the National Industrial Conference at 3,400,000. The public pay roll consumes about four billion dollars. There are twice as many as there were twenty years ago, though the population has increased by only forty per cent. If population and the extension of governmental activities increase in the same ratios for another forty years, one out of every five workers will be a government clerk or official supported by the wage-earners and taxpayers of the community.

In a recent address at Chicago, Dr. Charles R. Brown, dean of the Yale school of religion, mentioned several of the causes that brought about the fall of the classic civilization and found the mall active here and now to corrupt and corrode our own social system. One was a greedy and thoughtless indulgence in luxury; another was the weakening of the family through easy and frivolous recourse to divorce; another was excessive taxation; and a fourth was the lowered standards of citizenship and civic responsibility.

GOOD ADVICE AND SHOULD BE TAKEN

The following telegram was sent to the Texas delegation on the 4th, and would have been signed by many more but for the fact that it was a holiday and there were very few people in town that day:

Mexia, Texas, July 4th, 1924.

Hon. Marshall Hicks, Chairman Texas Democratic Delegates, Madison Square Garden, New York City, N. Y.

When advisable to leave McAdoo, turn Texas' full vote to William Jennings Bryan, the unstained and inconquerable champion of pure Democracy. Fight Smith eternally.

(Signed) J. R. Preston, G. E. Mitchell, A. H. Robertson, S. D. Dickson, W. T. Barnhart, Mrs. G. E. Mitchell, C. L. Tatum, S. N. Forrest. T. F. Oates, J. S. Seale, Gene Sinclair, R. F. Lewis, Roy O. Jordan, T. O. Meador, Mrs. J. R. Preston.

This balloting with the same old result is getting monotonous, and the people are beginning to murmur their disapproval of the whole works. If they can't nominate a candidate, why not adjourn and come home? They are only strengthening the opposition by missing around in this manner.

MRS. J. T. GORDON, KENTUCKY DELEGATE, IS SISTER OF LATE SEN. OLLIE JAMES

CAR SICKNESS

Lots of folks, even those who commute every day, suffer more or less from nausea, headache and, occasionally, vomiting, whenever they ride on the cars.

Car-sickness differs somewhat from sea-sickness. The latter is due to the peculiar effect of the "swells" or "longrolls" of the sea upon internal ear.

What are called the "semi-circular canals" of the internal ear are certain spaces filled with fluid and which act as a spirit-level to determine our place in space. The pronounced movements of the ship on a rolling sea make undue demands upon these organs and the symtoms or seasickness develop.

To some extent the same causes operate in producing car-sickness. But in this condition there are other more important factors. The most common of these is eyestrain and lack of balance of the eye muscles.

It is perfectly natural to read on the cars, or to spend the time looking out of the windows at the rapidly shifting scenery. In either case you are under the necessity every moment of the focusing and turning eyes and of turning them in different directions.

These experiences bring to notice the least failure of accurate adjustment of the fosusing and turning power of the eyes. Strain which would hardly be noticed in the ordinary uses of the eyes becomes very unpleasant and results in all the symtoms of what we call car-sickness. In car-sickness, as in sea-sickness, it is hard sometimes to be sure the trouble isn't a plain case of indigestion. Sea-sickness, which is much more pronounced than car-sickness, is unmistakable in that the face and ears of the victims have a peculiar greenish, almost transparent appearance.

In persistent car-sickness the eyes should be examined to see if glasses are needed. This test is not complete unless the muscles of the eyes are tested. The seeing power may be above the average, but the muscle adjustment may be very defective.

Should your eyes prove to be all right, then your ears should be examined to see if everything is normal.

There usually is some underlying cause for car-sickness, but once in a while an apparently perfectly healthy individual is found who never can swing in a hammock, ride backward in a car or get on a train without nausea. For such there seems to be no cure, but the average case can be overcome in the way that has been suggested—Dr. R. C. Copeland, Commissioner of Health, N. Y. City.

Ananias was probably the first to discover that truth was stranger than fiction.

Prim Prest.

Dr. James Watson left Tuesday for A. & M. College to attend the annual short course for graduate veterinarians given by this institution.

O. G. Stephens and wife of Wichita Falls, who have been visiting Mr. and Mrs. T. O. Meador for the past several days have returned home.

Mr. and Mrs. C. J. Sterling accompanied by their daughter Mrs. Leila Mae Lee and her son Rudolph left yesterday for Denver, Colorado.

THERE'S ART IN BOBBING

It's no longer a question of snip, snip and it's off.

Particular women now demand that the hair which remains form a becoming frame for the face and gracefully outlined head.

That's where "art" comes in, for there are as many styles of bobs as there are bobbed haired girls and women. Each one is an individual problem of chin, eyes, nose and mouth.

Then there's the fashionable element — the smart touch which has always associated Paris with women's coiffures——

And the necessity of keeping the hair glossy, fluffy and clean.

All that fastidious women desire will be accomplished by a weekly visit and a small sum well spent at

DENTON GIRL BECOMES BRIDE OF KOSSE MAN

(Farmersville Times)

Denton, Texas, June 21.—Miss Vernelle Allison, daughter of Mr. and Mrs. D. K. Allison of this city, and Harry Lee Humble of Kosse were married at the Central Presbyterian church in this city at noon Tuesday. Dr. R. R. Crockett, pastor of the church, officiated, using the ring ceremony. The church auditorium was filled to capacity.

Tall wicker baskets inlaid with grass parquetry and filled with pink and white gladiolas stood on either side of the altar, above which was suspended a wedding bell of rainbow ribbons and ferns.

Before the ceremony Homer Rickey of the music facutly of the North Texas State Teachers' College of this city played "Berceuse" from "Joycelyn" on the violin, accompanied at the piano by Miss Elizabeth Leake. Miss Stella Owsley of the voice factulty of the College of Industrial Arts sang "All For You" and "Until," accompanied by Miss Leake.

As Miss Leake began the bridal chorus from "Lohengrin" as the processional, Miss Pauline Lipscom entered with Dr. Henry Cox of Groesbeck. Mrs. Bert Fowler, matron of honor, followed. Miss Eline Stiles was maid of honor. Junior bridesmaids were two neices of the bride, Margaret Ray Allison of Farmersville and Mary Jeanne Potter of Dallas. The bride's attendants wore voile frocks in pastel colors and carried pink roses.

The bride entered with her father. She wore a biege crepe frock and carried a shower boquet of pink lilies of the valley.

The bridegroom was attended by Charles Ray of Groesbeck as best man.

Following the ceremony Mr. and Mrs. Humble left for a wedding trip to the coast.

Out-of-town guests were Mr. and Mrs. Ray Allison and family of Farmersville, Mr. and Mrs. Jack T. Webb of Farmersville, Mr. and Mrs. E. S. Stewart and family of Dallas, Mr. and Mrs. J. D. Potter and family of Dallas, Mr. and Mrs. E. B. Allison of Temple, Mr. and Mrs. Wilford Sanders of Groesbeck, Mr. and Mrs. C. D. Kelly of Groesbeck, Mrs. Walter of Groesbeck, Mrs. Cranfill of Dallas, Mr. and Mrs. Paul Humble of Groesbeck and Mr. and Mrs. Humble of Dublin, Erath County, parents of the bridegroom.

Calvin Coolidge, Jr., 16, eldest son of President Coolidge, is seriously ill in Washington of blood poisoning, caused by a blister he suffered while playing tennis. It is reported that Mrs. Charles B. Dillingham, wife of New York's noted theatrical producer, has obtained a Paris divorce. Miss Kathleen McKane, famous British tennis player, won the Wimbledon, Eng., tennis tournament by defeating Miss Helen Wills, of California, American woman champion. Miss Alice Muriel Astor, daughter of the late Colonel John Jacob Astor, who was drowned on the Titanic, and of the present Lady Ribblesdale, of England, has announced her engagement in London to Prince Obolensky Neledinsky-Meletzky, one of the oldest of Russian titled families.

BOSTON PREPARES TO WELCOME 75 THOUSAND ELKS NEXT WEEK

City Is Gaily Decorated and Elaborate Program Waits for Guests.

BOSTON, July 7.—(United Press.) Seventy-five thousand members of the Benevolent and Protective Order of Elks, their friends and families, it was estimated, were either here, or nearing this city today for the opening, today, of the Elks' national convention.

The convention will continue thru until Saturday.

Every train entering the two railroad terminals carried hundreds of "Bills," their wives and children, while other hundreds entered this old city in motor cars, flying Elks pennants, and guided over the roads by signs indicating the "Elks' Trail" to Boston.

It is expected that the convention will bring to this city nearly a quarter of a million people. Practically every hotel in and about the city has been taken over for the most part to house the visiting Elks, while there are countless others who will be entertained at the homes of members of the Boston lodge and of lodges in nearby cities.

For the past few months, members of various committees have been working night and day to make certain that the 1924 Elks' gathering will not only be a success, but the best in the history of the order. Entertainments of all kinds will be provided, including sightseeing trips to the many historic spots in and around Greater Boston, naval exhibitions in the harbor, dancing, boat trips to the many shore resorts, golf tournaments, yacht races, elaborate and spectacular fireworks and electrical displays, and the famous Elks parade.

The Elks' Parade

One of the features, if not the main feature of the entire convention, will be the parade on Thursday afternoon. It is planned to make the parade the most picturesque ever held at a Grand Lodge convention. According to all indications there will be upwards of 20,000 marchers.

The parade will form in Boston's ultra-fashionable Back Bay, and will move down Commonwealth avenue, Arlington and Beacons streets to the State House, where Governor Channing H. Cox, a member of Boston Lodge, No. 10, and other state officials, will review it. At a stand along Tremont street, not far from the State House, Mayor James M. Curley, also a member of the Boston lodge, city officials and others, will watch the marchers. The parade will then proceed along Tremont street to Boylston street, to Park Square and along Stuart street, where it will be reviewed by James G. MacFarland of Watertown, S. D., exalted ruler, and members of the Grand Lodge.

Elks and their friends throughout the country, who are unable to attend the convention, but who are owners of radio sets, will be able to "listen in" to nearly all that will take place during the week. Station WNAC, Boston, will radiocast Elk news and events during the convention.

The opening services in Trinity Church tomorrow evening will be sent over the radio. The services will be conducted by Rev. John Dysart of Jamestown, N. Y., grand chaplain of the order. The opening exercises in Mechanics Building Monday evening will also be radiocasted. At these exercises addresses will be delivered by United States Senator David I. Walsh of Massachusetts, Governor Cox, Mayor Curley and others. Mayor Curley will give the 11 o'clock toast, "To Our Absent Brothers."

Radio at Parade

The radio will also be brought into use during the parade on Thursday, when a microphone will be installed at a reviewing stand, through which the "listeners-in" throughout the country will be able to hear the bands as they approach and depart. As each delegation passes the stand the fact will be announced.

Boston presents a gala appearance in honor of the visiting Elks. Nearly all the buildings in the downtown sections are decorated.

While the decorative scheme will be carried out in detail on Boston Common, where many of the outdoor features will be presented, the illumination of the Common is expected will surpass anything ever before attempted in this city.

All the buildings occupied by the Boston Elks during the convention have been decorated inside and out, and these include the Elks Home on Somerset street; Tremont Temple, where the Grand Lodge sessions will be held, and others. Elaborate floral displays are to be seen in the Public Gardens and on the triangular grass plot in Copley Square, in front of the Copley Plaza Hotel, convention headquarters.

There are obvious benefits to the purchaser in Dodge Brothers policy of making constant, gradual refinements in their product instead of changing from one design to another year after year.

Chief among these is the fact that the car may be operated throughout the full limit of its usefulness without the extra depreciation loss which results from a rapid succession of radically different models.

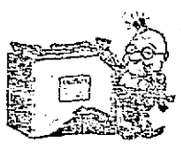
Watch Your Battery!



Says Little Ampere: "The difference between a live, active battery and a frozen one often is an inspection every two weeks."

Give your battery careful attention these days. It needs frequent inspection and filling with water. Drive in every two weeks. This may save you the price of a new battery.

Whether your battery is a Willard or not, come to us. You can rely on our judgment in battery problems.

Church Co-Operative Services Begin Sunday

Next Sunday evening we have our first of a series of co-operative services which will continue over a period of several weeks. The churches co-operating are the Methodist, the First Christian, the First and the Central Presbyterian. By way of explanation I wish to state that the reason the Baptist church is not included is that they thought it best for them to have all their evening services and therefore refused to enter into the co-operative plan. On next Sunday evening there will not be any services at the First Christian and First Presbyterian churches. Rev. E. H. Hudson of the First Presbyterian Church will preach at the Methodist Church, and Rev. G. T. Reaves of the First Christian Church will preach at the Central Presbyterian Church. On the following Sunday evening, (third Sunday,) the Christian and the First Presbyterian Churches will have the services and the pastors from the other two churches will do the preaching. All the churches will have their regular services on each Supnday morning, but only two of the four churches will be open on Sunday evening. Announcements of the co-operative services will appear in this paper each Sunday morning stating where the services will be held. We expect to cultivate the fellowship of each other in these services and thus be drawn closer together in our work in winning people to the Church.

G. T. REAVES, Secretary.

WHAT PLANTS HAVE TAUGHT ME ABOUT MAN

By LUTHER BURBANK

"It is often supposed that extraordinarily keen eyesight enables me to detect the slight variations that exist in types of plants. This is an error. My eyesight is good, but nothing wonderful. I should say, rather, that it is the ability to observe carefully. I try to let nothing get past me. Artists have told me, however, that I have a very extraordinary sense of color. There is a great difference in our ability to preceive colors. People did not used to see as as man shades of color as they do now—it is a sense that is developing with the race. In the Bible only a few colors are mentioned—purple and gold and crimson. Green is not mentioned. To this day there are many persons who cannot see green. That is to say, they are not conscious of it as a separate shade. Babies, soon after they are born, can see only black and white, red or yellow coming along a little later.

"My color sense is useful in changing the color of flowers. A few years ago, I took the golden California poppy and turned it red. A woman wrote to me, almost in tears, begging me not to tamper with Califirnia's famous yellow flower. Now, in a great field of yellow poppies, the ordinary observer would note no difference in color. He would say they were all yellow. But I could see faint suggestions of red in some of these flowers. The seeds from those that showed faint traces of crimson were selected and from them were produced poppies that were more plainly tinged. It was a matter of only a few seasons until the California crimson poppy came into existence."

Howard Carter, co-discoverer with the late Earl of Carnarvon of the tomb of King Tut-ankh-Amen in the Valley of the Kings, near Luxor, Egypt, has sailed from New York to continue the work of exploring the tomb. Gaston B. Means, formerly special agent in the Bureau of Investigation in the United States Department of Justice, where he was called the "right hand man" of William J. Burns, has been found guilty in the Federal Court in New York City on charges of conspiracy to violate the Volstead Act. Miss Madeline Dever, former butterfly girl in "The Follies," has been awarded a verdict of $20,000 in New York courts against Philip M. Shaw, middle-aged millionaire banker, whom she charged with breach of promise to marry .

TWO WHITE MEN HELD AFTER ATTACK ON WOMAN

TEAGUE, Texas, July 9.—Two young white men have been arrested and are being held for further investigation in connection with the attack on a 22-year-old white woman who resides in the Winkler, Texas, community Saturday night.

The two men were arrested near the home of the girl by Deputy Sheriff Marberry and emergency deputies.

The posse of about 300 armed men who had been vainly searching the surrounding country all day had given up the chase when bloodhounds had repeatedly failed to follow any trail satisfactorily due to the dry weather and cold trail which had been crossed and recrossed many times.

It was thought the assailants were negroes, but the victim regaining consciousness Monday afternoon could not confirm this as she was attacked in the dark. Several negroes were apprehended by the angry mob but Sheriff Terry had the situation well in hand and no violence resulted. Although the posse disbanded Monday night, the sheriff's force is still working on the case. Early reports that the woman was assaulted were not confirmed when a visit to her home was made.

On returning from church with the family, she had gone out on the back porch and was there attacked, choked and gagged but the presence of the family doubtless scared the assailants away. She was found shortly after prostrate and unconscious.

GAS COMPANY EXPLAINS ITS BUSINESS TO CUSTOMERS

The third e[illegible] "A House in Order," the Year Book of the Consolidated Gas Electric Light & Power Company of Baltimore, covering its operation for 1921 has been printed.

As stated in the [illegible] book by the editor, Arthur W. Hawks, Jr.:

"The issuance of a Year Book setting forth the affairs of the company during 1923 worked a broadening of the policy of the management in giving the operations of the company still wider publicity. The company desired that its stockholders and customers know as much as possible about its properties, its growth, its policy and its achievements. The gratifying interest displayed in its Year Book for 1922 led to the preparation of a second publication of this nature."

Believing that its customers were entitled to and would be interested in full information concerning its affairs, the company decided to put every customer on the mailing list for the current Yeark Book. The edition has gone into a quarter of million copies.

WOMEN'S CHRISTIAN MISSIONARY SOCIETY MEETS WITH MRS. G. T. REAVES

The Women's Christian Missionary Society of the First Christian Church met Monday afternoon with Mrs. G. T. Reaves. A very interesting and helpful program led by Mrs. Reaves was given. It was evidenced that all who were to take a part in the program had made due preparation as each one responded gladly and eagerly that the program might be fully enjoyed as well as beneficial. Five new members were added to the list and welcomed into the society. After the program and business period a social hour was enjoyed with Mrs. Reaves. The society will meet next month with Mrs. I. W. Keys and Mrs. Carl Davis will be the leader.—Reporter.

FEW AMERICAN TOURISTS ARE ARRIVING IN EUROPE

(By International News Service)

LONDON, July 9.—This year's American tourists' "invasion" into England threatened to be the smallest on record, according to prominent travel agencies and shipping authorities.

Steamship agencies report that ships built to carry two and three thousand passengers have been coming Europeanward only half full, while the authorities at Southhampton assert that a total of 1,000 passengers in an East-bound steamship has only twice been reached this season.

Insure Your Car For Long Service Life

Most motorists take out fire, theft and accident insurance on their cars; but many neglect one of the most important forms of insurance—*lubrication insurance*—that is, the use of a high-grade motor oil; so as to insure freedom from motor troubles and repair bills, and a long service life for the motor.

And the fine point about "service insurance" is that it does not cost anything "extra." For you can get Humble Motor Oil at the same price which you pay for a blended oil—and Humble Motor Oil is "straight run" from low-cold-test crudes. It is easily recognized by its clear, brilliant amber color. The range between its light and heavy fractions is very short. Humble Motor Oil has just the right "body" for the proper and safe lubrication of all motor bearing surfaces, under the most severe conditions of temperature and load; and yet is light enough to leave but the minimum of carbon behind when burned.

Have your crank case flushed and filled with Humble Motor Oil—and let your service insurance begin to-day. Any Humble Oil Dealer will be pleased to serve you. Look for the Humble Signs.

AUSTIN 14, MARLIN 5.

MARLIN, Texas, July 9.—The inalienable right of a baseball fan to ride the umpire was upheld by the local law here today when Umpire Tom Price appealed to Chief of Police Brack to eject a rooter from the bleachers for being indiscreet enough to suggest that arbiter might have slaked his thirst with beverage of the pre-Volstead era. The chief handed down an opinion that the fan had paid his four bits and therefore was entitled to a place in the sun. The game was as amusing as the incident, Austin winning by a score of 14 to 5.

By LES CONKLIN
International News Service Staff Correspondent.

American League pennant race is now closer than Scotchman during Thrift Week. With seven dark horses scrambled together like restaurant eggs, contest shapes up like another Democratic convention.

Athletics are only club asleep at the switch. If baseball were bridge, their trophy room would be filled to overflowing with consolation prizes.

Connie Mack is biding his time and biting his fingernails. He is playing a deep game—waiting for the other seven clubs to crack.

Tightness of American League race is most refreshing to fans who have watched Yankees win three times in succession. All the world loves a winner—except when winner happens to be a New York ball team.

Closeness of pennant scramble is also having stimulating effect on gate receipts. Competition is the life of trade—that's what every baseball magnate knows.

Newest sensation is sudden rise of Washington. Excitement was so great at national capital that even the Congressmen pried themselves away from the pork barrel for one afternoon and went to the ball park to watch the boys bring home the bacon.

Like our friends the locusts, Washington club visits Pennantville about once every seventeen years. But if tempting roll of greenbacks is to be shoved under pillows of world's series entrants this Fall, who could be more appropriate beneficiaries than the Senators?

Rise of Washington Club means approach of millenium for Walter Johnson. Speed king now has real ball team in back of him for first time since John McGraw was able to see his toes.

Time was when Johnson couldn't afford to give opposing team more than two runs per game and hope to win. Forced to carry eight other Senators on his back, his only chance was to fan twenty-seven men in a row and pray that his catcher would hold on to third strikes.

Now all is changed, as the German bartender remarked when he tried to buy a pretzel with a million-mark note. With club of sluggers on the job Walter can spot other team two or three runs and laught it off.

When last county was heard from, Senators were batting .293, including Nick Altrock and the bat boy. Which is an average sprightly enough to make any manager happy.

Reinforced by daily barrage of base hits, Johnson feels like ninety-year-old millionaire after insertion of monkey glaids. Speed king leads A. L. pitchers with eleven games won and three lost, including four shutouts.

With Washington traveling faster than second-hand clothes man after setting fire to his store, other clubs are like goldfish on daily globe-circling flight. They go around and round the circuit, but don't get anywhere.

Meanwhile Johnson continues to stand batters on their collective ears. Like highly-touted European boxers, all they can do is take three healthy swings and then flop.

France And England Failed to Agree On Anglo-French Unity

By WEBB MILLER
(United Press Staff Correspondent)

PARIS, July 9.—Premiers Herriot and MacDonald failed to reach agreement at their conference on Anglo-French unity which lasted until early today.

When the heads of the Government of Britain and France finally separated it was learned that the most serious problems remained unsettled.

It would be an exaggeration to say that the Franco-Britain entente is again menaced, but it is apparent that the viewpoints of the Premiers still are radically divedgent.

A heated debate resulted from Herriot's insistence that the British promise to assist France in the event of Germany defaulting execution of the experts plan. MacDonald refused to commit his Government to join sanctions.

STEALING CATTLE AGAIN

AMARILLO.—More than a score of cattle have disappeared in the last few weeks in Collingsworth county as a result of activity of cattle rustlers. The rustlers have been employing old tricks used by the rustlers in by gone days—that of beating a calf on the ribs until it was too sore to bawl for its mother. Thus the calf and the cow would become separated and the cattle thieves would have an easy "maverick."

TELL GIRLS

And women what I do for you
By Edna Wallace Hopper

My office sends me countless letters which thank me for new beauty and new youth. Please don't do that. Just tell to other girls and women what you've found.

I am simply passing on to others what great scientists gave me. The helps that made me a famous beauty, then kept my youth and beauty to my grand old age.

Edna Wallace Hopper

Those helps number 52, but I have had them combined in four preparations. When you use any Photo 1923 one of them you apply quite a number of the best beauty helps in existence.

One is a cold cream which I call my Youth Cream. It combines products of both lemon and strawberry. Also all the best that science knows to foster, feed and protect the skin. I use it as a night cream, also daytimes as a powder base. Never is my skin without it. I have never heard of a cream which brings anything like its results.

Edna Wallace Hopper Photo 1923

Now I am placing my Youth Cream—just as I use it—at every woman's call. All druggists and toilet counters supply it at 60c per jar. Also in 35c tubes. Just ask for Edna Wallace Hopper's Youth Cream. I promise you that as long as you live you'll be very glad you know it, and I shall be glad for you.

I will send you a sample to try, if you wish. Also my Beauty Book. Just mail this coupon. For beauty's sake, do it now.

Franklin D. Roosevelt, former Assistant Secretary of the Navy, who managed the Presidential campaign of Governor Alfred E. Smith, of New York, is being boomed for the Democratic nomination for Governor of New York. Lieutenant Lowell Smith, commanding the Army 'round-the-world aviators, is having the pontoons taken from the three airplanes in Calcutta, India, for the overland flight to Hull, Eng., where they will be replaced. Although he has removed many of the restrictions on the Germans, Premier Herriot, of France, has announced that he will not withdraw troops from the Ruhr. William Jennings Bryan led the successful flight in the Democratic National Convention to prevent incorporation into the platform of a plank denouncing the Ku Klux Klan by name.

RIOTING AND BASEBALL WITH YANKS

By FRANK GETTY
(United Press Staff Correspondent)

NEW YORK, July 5 (United Press)—The New York sport writers have been shedding bitter tears because President Johnson of the American League plastered a $100 fine and 10 days' suspension on Outfielder Bob Meusel, while he gave Cole, the Detroit pitcher, a small fine for their part in pulling of the Detroit riot

They felt very deeply grieved that "Big Ban" hadn't suspended the entire Detroit team or expelled Detroit from the league. Their bitterest laments, however, were over Johnson's failure to inflict some punishment on Ty Cobb, Tiger leader.

Their demands for Cobb's punishment were based on the somewhat feeble claim that Cobb had given his pitchers orders to "dust off" opposing batters and that Cole hit Meusel in on effort to drive him from the plate. The general attitude was that the Yanks are God's annointed and therefore are sacred. The charge against Cobb rests largely on the unsupported word of Ehmke, former Tiger pitcher, now with Boston. And at that, Ehmke never allowed himself to be quoted to that effect, but it has been generally circulated in American League circles that Ehmke "is said to have told the story to his new playmates."

But that is just how thin the charge against Cobb is. Cobb is admittedly a hotheaded southerner, but no one who knows him will believe for a minute that he would give orders that might result in the serious injury of a fellow ball player. That New York sport writers allow themselves to be influenced by such unproven reports is astonishing to fair-minded critics of the game.

Come to think of it, the only cases of serious injury to batsmen by thrown balls from the box in recent years in the majors have been where New York pitchers were doing the hurling. Carl Mays killed Ray Chapman, Cleveland shortstop, on a New York diamond. Mays, now with the Cincinnati Reds, was then a Yank. In their wildest moments of anger, the Cleveland scribes never laid the blame on Miller Huggins. Pfeffer, then with Brooklyn, hit "Chick" Frewster with a thrown ball several years ago in a practice game and put Frewster out of the Yank lineup for a year and probably prevented him for all time becoming the star he should have been. Did anyone even charge against Manager Robinson of Brooklyn? They did not.

General opinion in baseball circles, outside of the fantical Yank fans and writers, is that Meusel didn't get half that was coming to him. He deliberately started the riot which he knew would result by his attack on Cole before a hostile Detroit crowd. He was supported by Ruth, who attempted to get into the fighting game, making it two to one against Cole, who, at fighting weight, would be easy meat for either Meusel or Ruth.

Meusel is a man of some intelligence and if the riot day was one of his thinking days, he must have known that he was starting something he couldn't finish.

The game was forfeited to the Yanks because it would have been impossible to clear the Detroit grounds after Meusel's unwarranted attack with anything short of a riot gun battery. In this case the Yanks had a comfortable lead and the forfeited game did not affect the result, but it called attention to the weakness of the forfeited game rule. It is evidently possible for a pugnacious ball player, with his team behind on a foreign field, to start a riot as Meusel did at Detroit and have the game forfeited to the team that is losing. The rule should be amended, giving the umpires power in a case of a deliberately incited riot, to punish the team as well as individual offenders.

The Greater New York teams have been allowed to get away with a lot, because the money taken in the New York gate keeps many a team off its uppers, but some limit should be set.

Baseball writers all over the circuit are of the opinion that "Ducky" Holmes inflicted unnecessarily heavy punishment on the St. Louis Browns for the little flareup on the St. Louis grounds recently. Johnson's suspension of Sisler, Collins and Austin was, of course, based on Holmes' report. Sisler, as manager, certainly had a right to protest in a gentlemanly way if he thought his team was getting a raw deal and no one who knows Sisler believes that even in the heat of the game, he would so far forget himself to make anything but a gentlemanly protest. And scribes who have watched the American League umpires this year, believe quite a few of them are afflicted with sun-spots.

Judge A. M. Blackmon, candidate for re-election as judge of the 77th judicial district, was in the city Tuesday meeting the voters.

Assistant County Attorney Cannon was up from Groesbeck Tuesday on business.

SOUTHERN CHIVALRY IN A BARBER SHOP

PORT ARTHUR.—Women have so far invaded the field of men as to get their hair bobbed ahead of many of the male customers in the barber shops.

During the rush hour in a barber shop here, a young woman walked in and seated herself in the head barber's chair which had just been vacated.

"Beg pardon, miss, but there's several men ahead of you." said the barber.

The young woman, with a disappointed air, started to leave the chair.

And then the gallant male, who had been waiting for half an hour for his turn, graciously surrendered his place to the girl.

Which doesn't prove that all things come to him who waits.

LEST YE BE JUDGED

PORT ARTHUR.—"Judge not that ye be not judged." The Biblical warning came home to Mose Wilson, negro, when he testified in court against his sister-in-law. Mose told how his relative had disturbed the peace. But the neighbors who also attended the trial told the judge that Mose did most of the distrubing. o the court turned Mose from a witness into a defendant and fined him $10 and costs.

RELIABILE FOR ECZEMA, PIMPLES AND BLOTCHES

The many people here who have gotten such wonderful results from Black and White Ointment, and Soap, for pimples, blotches, bumps, "breaking out," eczema, rash, itching, etc., are proving their gratitude by giving them the most wholehearted and enthusiastic word-of-mouth publicity ever known.

The fact that Black and White Ointment, and Soap, are already selling at the phenomenal and unheard of rae of more than two million packages a year, proves louder than words how dependable they are to people who had never before been able to get relief from their skin troubles by using anything else.

Black and White Ointment, and Soap, are economically priced in liberal size packages. The 50c size Ointment contains three times as much as the 25c size. All dealers have both the Ointment and the Soap.—(Adv.)
